EXPERIENCE

Senior iOS Developer

Seven Peaks Software

📅 04/2023 - 03/2024 📍 Bangkok

- Spearheaded migration efforts to Swift programming language across multiple projects, resulting in more modernized codebases.
- Improved app performance by optimizing code and implementing efficient algorithms
- Ensured high-quality products by conducting thorough testing and debugging processes
- Led software architecture discussions within the team to establish best practices for scalable, maintainable codebases

Remote Senior iOS Developer

ComfortDelGro: Global Land Transport Leader - Singapore

📅 02/2020 - 02/2023 📍 Myanmar

- Developed user-friendly interfaces to enhance user experience and satisfaction.
- Delivered successful product releases on schedule, ensuring seamless deployment and smooth end-user adoption
- Reduced time-to-market for new apps through efficient project management techniques and prioritization of tasks

Senior iOS Developer

Oway | Oway Travel, Myanmar

📅 01/2019 - 01/2020 📍 Myanmar

- Estimated work hours and tracked progress using Scrum methodology
- Supervised work of programmers, designers, and technicians
- Assigned tasks and monitored progress

Senior iOS Developer

Nexlabs Myanmar

📅 2018 - 01/2019 📍 Myanmar

Mobile Developer (Ionic & Cordova)

Myanmar Information Technology

📅 05/2015 - 12/2017 📍 Myanmar

EDUCATION

Professional Diploma in Java Programming

India-Myanmar Center For Enhancement For IT Skills - Myanmar

📅 11/2015

Bachelor of Computer Science with Honours

University of Computer Studies, Yangon, Myanmar

📅 2011 - 11/2014

PROJECTS

BYD | Rever Automotive (2023)

Seven Peaks Software - Bangkok

- Role: Developed using Swift 5. Responsible for writing test cases, bug fixing, and implementing new features. Utilized Bitbucket for version control, Fastlane and Azure for CI/CD pipeline setup, and SonarCloud for test validation.

CDG Zig - Passenger Application (2020-2023)

ComfortDelGro Corporation Limited - Singapore

- Role: Taxi application developed using Swift 4.2. Responsible for test case creation, bug fixing, feature addition, and modularization. Utilized Appium and Selenium for testing.

Oway Ride 2.0 - Passenger Application (2019)

Oway | Oway Travel - Myanmar

- Role: Taxi application developed from scratch using Swift 4.2. Led the mobile development team, overseeing test case creation, bug fixing, feature integration, and modularization. Awarded TEAm of the Month for outstanding contributions.

Flexco App, ViVi App (2018)

Nexlabs Myanmar

- Role: Contributed to the development and maintenance of Objective-C applications for one year. Responsibilities included test case creation, bug fixing, and feature enhancement.

HCM Connect (2015-2017)

Myanmar Information Technology

- Role: Developed the HCM application from inception to completion under direct guidance from the CEO. Utilized Ionic, Cordova, Angular, and JavaScript. Dedicated two years to embedding my expertise into the project, resulting in a notable achievement.

CERTIFICATION

Fundamental Information Technology Engineer Examination

ITPEC, Mar 2018
